Yeo CJ, 241-268

## Subjects

### A

#### Addiction

Opioid analgesics, 93-94

#### Adjuvant therapies

Prostate cancer, external beam radiation therapy, 358-365

#### Adverse effects management

External beam radiation therapy, 368

Opioid analgesics, 88-94

#### Age-creep hypothesis

Breast cancer screening, under age 50, 321-322

#### Age level

Breast cancer screening, under age 50, 314-317, 319

Cancer statistics, incidence, females, 18

Cancer statistics, incidence, gender differences, 17

Cancer statistics, incidence, males, 19

Cancer statistics, mortality rates, females and sites, 26

Cancer statistics, mortality rates, global, 32-33

Cancer statistics, mortality rates, males and sites, 27

Cancer statistics, mortality rates and gender differences, 20-21, 23

Malignant melanoma, 210-211 (Guest Editorial)

Pap test, increased use urged for older and minority women, 205-206 (News & Views)

Skin cancer, teenagers, 206 (News & Views)

#### Alcohol consumption

Breast cancer prevention, 165-166

#### Alternative cancer treatments

American Cancer Society publication on, 207 (News & Views)

#### American Cancer Society. See also Continuing

Medical Education Activity

Acknowledgment 2000, 394

Breast cancer screening, under age 50, 314

Clinical trials, encouraging participation in, 340-343 (News & Views)

Colorectal cancer, awareness encouraged by, 66 (News & Views)

Continuing Medical Education activity, 11

Early detection guidelines, 34-49

Lymphedema, workshop and conference on, 293, 303-304

New Editors for CA, 135

Professional opportunities with, 208

Publications of, 207 (News & Views)

#### American Society of Clinical Oncology

Reports from 36th annual meeting of, 203-205 (News & Views)

#### Analgesic pharmacotherapy. See also Pain management

Pain management, 72-75

#### Announcements

American Cancer Society, professional opportunities with, 208

American Cancer Society Acknowledgment 2000, 394

American Cancer Society Continuing Medical Education activity, 11

Breast cancer, adjuvant therapy for, NIH

Consensus Development Conference, 214

New Editors for CA, 135

Volunteers sought for osteosarcoma and lymphoma vaccine studies, 236

#### Antibiotic therapy

Pain management, 72

#### Anticonvulsant drugs

Adjuvant analgesics, neuropathic pain, 99-100

#### Antidepressants

Adjuvant analgesics, neuropathic pain, 97-98

#### Anti-inflammatory drugs

Adjuvant analgesics, bone pain, 100

#### Atypia

Hyperplasia with, fine needle aspiration biopsy, technique improvements, 272 (News & Views)

#### Axillary lymph node dissection. See also Sentinel

lymph node dissection

Breast cancer, 279-280, 286, 287, 288

### B

#### Baclofen

Adjuvant analgesics, neuropathic pain, 100

#### Benzodiazepines

Adjuvant analgesics, multipurpose, 97

#### Biological agents

Malignant melanoma, 212 (Guest Editorial), 230-231

#### Bisphosphonates

Adjuvant analgesics, bone pain, 100-101

#### Brachytherapy. See Prostate cancer brachytherapy

#### Breast cancer. See also Ductal carcinoma in-situ;

Lymphedema; Sentinel lymph node dissection (breast cancer)

Adjuvant therapy for, NIH Consensus Development Conference, 214

American Cancer Society early detection guidelines, 37-38, 47

Cancer Prevention: From Concept to Practice, 140-142 (Guest Editorial)

Cancer statistics, race differences and prognosis in, 50-64

Ductal carcinoma in-situ, 184-200

Fine needle aspiration biopsy, technique improvements, 271-272 (News & Views)

Lymphedema, 292-311

National Cancer Data Base, clinical highlights, 174-175

Sentinel lymph node dissection, 279-291

Surgical management, advances in, 276-278 (Guest Editorial)

Tamoxifen and raloxifene, STAR trial, first-year recruitment efforts, 271-272 (News & Views)

#### Breast cancer prevention, 156-170

Alcohol consumption, 165-166

Approaches to, 158-159  
 Chemoprevention, 159-164  
 Cigarette smoking, 165  
 Diet, 164-165  
 Exercise, 166  
 Hormone use, 166-167  
 Lifestyle modification, 164  
 Obesity, 165  
 Radiation exposure, 167  
 Risk assessment model, 157-158  
 Surgical risk reduction, 164  
**Breast cancer screening** (below age 50), 312-336  
 Background, 313-314  
 Cost-effectiveness, 327-330  
 Decision making, 314  
 Disease burden, 314-317  
 Early intervention, efficacy of, 317-319  
 Efficacy of, 319-323  
 Overview, 312  
 Performance value, benefit and risk, 323-327  
 Summarized, 330-332

**Nutrition**  
 Pancreatic cancer risk, 243-244

## O

**Obesity**  
 Breast cancer prevention, 165  
**Opioid analgesics, 75-95**  
 Adverse effects management, 88-94  
 Dose selection and titration, 86-88  
 General principles, 76  
 Opioid agonists, listed, 76-80  
 refractory pain, 94-95  
 Route of administration, 82-84  
 Scheduling, 84-86  
 Selection of, 80-82  
**Oral local anesthetics**  
 Adjuvant analgesics, neuropathic pain, 98  
**Osteosarcoma**  
 Volunteers sought for osteosarcoma and lymphoma vaccine studies, 236  
**Oxycodone**  
 Pain management, 77  
**Oxymorphone**  
 Pain management, 80

## P

**Pain management, 70-120**  
 Adjuvant analgesics, bone pain, 100-101  
 Adjuvant analgesics, multipurpose, 95-97  
 Adjuvant analgesics, neuropathic pain, 97-100  
 Adjuvant analgesics, visceral pain, 101  
 Analgesic pharmacotherapy, systemic, 72-75
